

K-Love radio station plays encouraging Christian music that my family & I listen to on a regular basis. We enjoy listening to it in stereo & do not want it to be taken off the air or LPFM stations to take priority over it. Within my area, many of my friends & neighbors listen to K-Love. The dentist my family sees plays K-Love for us to listen to. The music K-Love plays is very rewarding to the community & is a ministry for all. Replacing K-Love would be a great dis-service to the community, my neighborhood & my family. My family & I sing to the songs & are uplifted by their encouraging words. Christian music is what we listen to & we want K-Love to stay on the air.
